

## Paper Hand Towel with Airflex™ Advantage

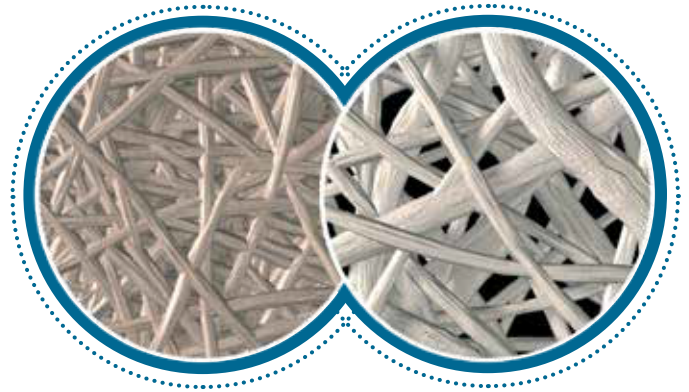

### Technology & Impact on Performance

Ordinary paper hand towels have tightly compressed fibres which cause water to sit on top of the towel, taking longer to absorb.

Airflex™ paper hand towels have specially spread fibres creating absorbency cells to quickly draw the water in.

Conventional

Airflex™

1000x  
Magnification

### Efficient. Reliable. Minimise Waste.

#### Hygienic Hand Drying

Made with Airflex™ highly absorbent fabric which can absorb more water from hands. Effectively drying your hands with paper towels, like Scott® branded paper towels, reduces the risk of cross contamination.

#### Stronger When Wet

Towels won't break up easily, helping to reduce waste which can help improve productivity of cleaning staff and washroom image.

#### A More Pleasurable Experience

Softer for a more luxurious feel, delivering greater user preference. More satisfied users can mean less complaints.

#### Boost Sustainability

Up to 25% less fibre used in production and reducing the amount of waste diverted to landfill. FSC™ certified for high level of environment sustainability.

## SCOTT® one of the world's most trusted brands

When you select SCOTT® products you can be sure you're making the smart choice.
